## **Sports Premium Funding Statement 2013 - 2015**

### **What is the Sports Premium?**

The government is providing funding of £150million per annum for the academic years 2013/4 and 2014/5 to provide new and substantial primary school sport funding. The funding is being provided jointly by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school Head teachers to spend on improving the quality of sport and PE for all their children.

Each school will receive £8000 plus an extra £5 per pupil each year for the next 2 years – a total of £8151 for Grimley and Holt CE Primary school in each of the two academic years. The money can only be spent on sport and PE provision in schools. The money will be used so that all children benefit regardless of their sporting ability.

### **Purpose of the funding**

All schools have to spend the sport funding on improving their provision of PE and sport, but there is freedom to choose how we do it. At Grimley and Holt we recognise the contribution of PE to the health and well-being of our children. We also believe that providing an innovative and varied PE curriculum and a range of extra-curricular opportunities will have a positive influence on the concentration, attitude and academic achievement of all pupils, as well as introducing them to life-long interests.

## Grimley and Holt CE Primary use of funding

The funding has been used in a variety of innovative ways, including continuing to fund the excellent partnership between our cluster schools and the Chantry High school and paying for high quality coaches. Our vision for sports and our PE curriculum map is on our school website.
